ANNUAL REPORT

TOWN OF BARTLETT
NEW HAMPSHIRE

1992

ON THE COVER

Long time resident and past holder of the Boston Post Cane, Hellen Hayes, in front of the newly constructed Veterans' Memorial in Railroad Park. The memorial was only possible as a result of the combined efforts and generous support of Arthur's Memorials, the Veterans' Memorial Committee, its President Clarence "Bert" George, S.D. Szetela, Inc. and William Whittum, who created a lasting and beautiful monument honoring Bartlett's citizens' service to their country.

DEDICATION

HELLEN HAYES

1896 - 1992

This year's Town Report is dedicated to the memory of Hellen Hayes who, at the time of her passing, was the holder of Bartlett's Boston Post Cane, symbolic of being Bartlett's oldest citizen.

Hellen was a long time election worker for the Town and the originator of the Annual Bartlett Fourth of July Parade.

This dedication in the Town Report will serve as a permanent record of Hellen's love for Bartlett and her dedication in helping its citizens and especially the elderly.

SPECIAL RECOGNITION

- to CLARENCE “BERT” GEORGE, STAN SZETELA, BILLY WHITTUM, and all of the folks involved in the BARTLETT HONOR ROLL project by creating a lasting and beautiful monument honoring Bartlett’s citizens service to their country.
- to KAREN PELLEGRINO EASTMAN for her years of service as a member of the Bartlett Planning Board.
- to KATHLEEN SULLIVAN HEAD for her years of dedicated service as a Library Trustee and organizer of Bartlett’s historical collection.
- to LETITIA HOWARD for her many hours of service as a Supervisor of the Voter Checklist.
- to the memory of JOHN “ED” PARKER, SR., past constable for the Town of Bartlett and long time Fire Chief of the Glen Fire Department.
- to the memory of NEWTON HOWARD, holder of Bartlett’s Boston Post Cane, symbolic of its oldest citizen, and long term officer of the Bartlett Village Water Precinct.

1993 TOWN MEETING WARRANT

To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in said State, qualified to vote in the Town affairs:

You are hereby notified to meet in the Town Hall in said Bartlett on Tuesday the ninth day of March 1993 at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Articles 1 through 6 will be by official ballot at the Town Hall and the polls shall open for balloting at nine o'clock in the forenoon and shall not close before seven o'clock in the evening. The following articles in the warrant will be acted upon on Thursday, March 11, 1993 at six thirty o'clock in the evening at the Josiah Bartlett Elementary School in Bartlett Village.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year.

ARTICLE 2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town of Bartlett Zoning Ordinance as follows: Change ARTICLE IV - GENERAL PROVISIONS - SECTION O. FIRE PROTECTION - change the word "firefighting" to "fire suppression". (Planning Board favors)

ARTICLE 3. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town of Bartlett Zoning Ordinance as follows: Change ARTICLE VIII - DENSITY to delete "In the TCD, TID, and TRDB" and replace with "In ALL districts". (Planning Board favors)

ARTICLE 4. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town of Bartlett Zoning Ordinance as follows: Change ARTICLE IX - GREEN AREAS to clarify the permitted activity in the designated green areas, clarify the type and area of green area, and the procedures for implementing. (Planning Board favors)

ARTICLE 5. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town of Bartlett Zoning Ordinance as follows: Add to ARTICLE XVIII - BOARD OF ADJUSTMENT - SECTION D. SPECIAL EXCEPTIONS 1-r. Agricultural structures used for horticultural purposes exempted from the setback requirements. If the horticultural purpose ceases, the structure must be removed or brought into compliance with the setback requirements. (Planning Board favors)

ARTICLE 6. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Town of Bartlett Zoning

Ordinance as follows: in ARTICLE XIX DEFINITIONS - delete definitions for "HOTEL" and "TOURIST HOMES" and change "TOURIST COURT, CABINS, MOTEL" to read "MOTELS, HOTELS, TOURIST COURTS, AND CABINS" with the definition remaining the same. (Planning Board favors)

ARTICLE 7. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same. Selectmen favor.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen and Library Trustees to apply for and accept on behalf of the Town any gifts, legacies, and devises made to the Town in trust for public purposes as permitted in NH RSA 31:19 and accept and expend without further action by Town Meeting, money from State, Federal, and/or other governmental units or private sources in accordance with NH RSA 31:95-b and 202-A:4-c. Selectmen favor.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen and Town Treasurer to borrow a sum in anticipation of the collection of taxes for the current municipal year and to issue in the name of the Town and on the credit of the same, negotiable notes therefor, to be repaid during the current year from taxes collected within the current municipal year. Selectmen favor.

ARTICLE 10. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or by any other means. Subject only to the interest of relatives and heirs, all disposal shall be by public auction. Selectmen favor.

ARTICLE 11. To see if the Town will vote to discontinue the Revaluation Capital Reserve Fund created in 1988. Said funds with accumulated interest to date of withdrawal to be transferred to the town general fund (approx. \$31,000). Selectmen favor.

ARTICLE 12. To see if the Town will vote to amend the "Town of Bartlett Ordinance Governing the Design and Construction of Septic Systems" adopted at the March 14, 1989 Town Meeting as follows:

Section III - Design of Septic Systems - add these as the last three sentences: "However, in any non-residential uses in the Town served by a metered municipal water system, all water usage data provided by one year of readings in accordance with NH Water Supply and Pollution Control Commission guidelines may be used to determine the adequate septic system and use requirements. All water usage must be metered. All other local, State, and Federal regulations remain in effect. Any approvals issued under this system shall be reviewed on a yearly basis to ascertain compliance." Selectmen favor.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$40,000.00 for town road improvements and reconstruction. Selectmen favor.

SELECTMEN'S REPORT

The year 1992 has passed and despite a struggling economy, the town government is withstanding the situation and has seen an improvement in most financial areas.

Our tax rate was lowered once again through the diligent efforts of the town and school officials and voters. It may be awhile before our economy is up to snuff and we must remain vigilant regarding any costly, unnecessary, or "nice to have" ideas. A significant number of our citizens are having difficulty paying all or some of their property taxes and we need to be aware of this when we attend our town and school meetings.

Each year the town must borrow money to run the town until tax bills are sent in the fall. These notes are called Tax Anticipation Notes (TAN's) and are traditionally paid off by late December of each year. Last year we were unable to pay off one of our TAN's in December and we had to roll them over into the next year. This year the town paid off all of its TAN's on time, and in a number of cases before the deadline, thereby reducing the amount of interest due on the notes. Since the school's regular expenses plus the debt service on the building are the town's largest expense, it is imperative to minimize our borrowing by working closely with the school district to provide them with only the minimum amount of funds necessary on a bi-weekly basis. Through cooperation by all concerned, we have reduced our borrowing to its lowest level possible. The only way to significantly decrease the cost of borrowing is to move to semi-annual collection of property taxes, an idea that has consistently been rejected by the voters. However, anyone wishing to make payments on their property tax bill during the year thereby reducing the total due in the fall is encouraged to do so by making payments to the tax collector.

The town was able to increase its surplus from \$99,422 in 1991 to \$250,770 in 1992. The Selectmen had built up a healthy surplus during the good years and have been using the surplus to help maintain a reasonable tax rate and will continue this practice until the economy comes around.

Patriot Properties was selected to do the State-ordered revaluation and work is progressing on schedule. We look forward to a timely schedule of taxpayer hearings that will enable us to send the tax bills out on schedule in the fall. Your cooperation with the professionals from Patriot Properties in allowing them access to your home and supplying them with information is appreciated and will result in a fair and timely completion of the task.

Even in a slumping economy, the Selectmen's office processed

140 building permit applications and from this number only 4 were denied for various reasons, some of which were transferred on to the Zoning Board of Adjustment for action and approval. The Selectmen try to work with an applicant to meet all requirements of the regulations which the voters have charged the Selectmen to enforce. However, if it isn't possible to meet the setback, for instance, or the proposed use is not permitted, the Selectmen must deny the application and advise the applicant on how he can comply or his remedy of applying to the Zoning Board of Adjustment. During the year, 43 septic designs were reviewed and 33 test pits were inspected.

In what was a truly difficult decision, the Selectmen will be recommending salary increases for town employees this year. While the final determination has not been made by the date of this report, these increases will be fully explained at Town Meeting and voters will have their voice in the matter. The Selectmen realize that the economy is still recovering and many people in the private sector are not receiving increases, but town employees have not had any increases for three years. The Selectmen feel that we have excellent and well qualified workers who have waited patiently during the economic slowdown and while the timing may not be perfect, we feel increases are warranted. The rising costs of health insurance are a continuing concern for the Selectmen and we have met and talked with representatives of Blue Cross/Blue Shield and the NH Municipal Association Health Trust, which is our umbrella organization through which we carry our health insurance policies. The Selectmen feel, right or wrong, that the Town has provided certain benefits over the years and we should not ask an employee to give up or have any out of pocket costs to pay for benefits that have been given to them to this point. The benefit package has been used in conjunction with salary increases to provide a total employee package and the Selectmen feel that if we ask for employee contributions or reduction in benefits, the employee should initially be compensated for the change. At the time of this writing, the Selectmen are still working on the health insurance recommendation and will have some recommendations in time for Town Meeting.

The condition of the town's roads is a source of some concern and the Selectmen have taken a position of a 5 year program to get roads back to a reasonable condition. Speed limits on the majority of our town roads should not exceed 35 mph and our goal is to bring our roads up to a standard that is safe and comfortable at that speed. The majority of our roads are in pretty good condition but a number of very bad areas on a variety of roads need attention. Last year we asked for \$60,000 to be paid over a long term to start this

program and a number of roads including Linderhof, Town Hall Road, West Ledge Road, and Birch Street were among areas having major repair work done. These projects coupled with the rebuilding of Middle Ledge Road and Washington Street the prior year is getting us off to a good start on the road program. Goodrich Falls Road also was reconstructed and paved with funds from an escrow account established by the Town and funded from the developers in that area. A major contributing factor to our road's deterioration has been a lack of adequate drainage, not only in old road bases but ditches along the road which have not been properly maintained. The road crew under the direction of Road Agent Pat Roberts has undertaken an aggressive approach to restabilizing adequate ditch lines and culvert replacements and relocations. While the new ditches seem to look foreboding, most of the time it is due to the fact that it has been years since there was a ditch line. Adequate drainage is our most serious problem and we ask you to bear with us in this undertaking as the end result will be beneficial. The present road crew is very innovative and their talents have enabled the town to save considerable sums of money on repair work and such items as the construction of a steam cleaner for melting frozen culverts from salvaged materials at a cost of less than \$200.00. The Selectmen will once again have an article in the warrant dealing strictly with the reconstruction of roads and while this amount could easily be quadrupled, we are trying to get these projects done over a period of time so the impact on the taxpayer will be as little as possible.

For the first time in recent history, the Town will have two steps to the Town Meeting process. The annual election of town and school officers and ballot questions (Articles 1 thru 6) will be held on the traditional Town Meeting Day on Tuesday, March 9, 1993 with the polls being open from 9:00AM until 7:00PM at the Town Hall. The deliberative portion of Town Meeting (the remainder of warrant articles) will be discussed on Thursday, March 11, 1993 at 6:30PM at the Josiah Bartlett Elementary School. At last year's Town Meeting, the voters gave the Selectmen the authority to hold the deliberative portion of Town Meeting on a date different than the elections. This will allow the votes to be counted in an orderly fashion at the Town Hall and will also allow the election workers and ballot counters to attend all of Town Meeting. The Selectmen deliberated over three choices for the Town Meeting — during the day on a weekday, during the day on Saturday, or a weeknight evening. During the day midweek and Saturday were eliminated as it was felt that a large number of Bartlett citizens would be unable to attend due to work. By starting at 6:30PM we hope to have the meeting over at a reasonable hour. A supper at the school is planned prior to Town Meeting starting at 5:00PM, as well as

snacks/beverages will be available during elections at the Town Hall, so plan to make a day and evening of the two occasions, renew old acquaintances and enjoy a traditional Town Meeting, our purest form of democracy.

The police, fire, ambulance, trustees of trust funds, conservation commission, planning board, BARA, and library reports are all printed elsewhere in this Town Report for your review. The Selectmen would once again like to thank all of the town employees and volunteers for their efforts on behalf of all the citizens of the Town of Bartlett. It is through the efforts of these dedicated people that Bartlett truly remains the "Greatest Little Town on Earth".

AUDITOR'S REPORT

Board of Selectmen
Town of Bartlett
RR 1, Box 49
Intervale, NH 03845

Dear Board of Selectmen;

I have examined the books and accounts of all officers entrusted with the receipt, custody or expenditure of town funds on February 26, 1992 for the calendar year 1991.

I have examined these records to determine whether all revenues to which the town is entitled have been collected and remitted to the treasurer or verified as outstanding accounts; to determine whether all expenditures have been properly authorized, conform to law, and are supported by appropriate invoices and payroll; and examined the accounts of all town departments and agencies.

It is my opinion that the accounts are being kept in conformity with generally accepted accounting principles and I have no recommendations at this time.

LINDA BURNS
Auditor

BARTLETT PUBLIC LIBRARY ANNUAL REPORT 1992

The circulation of books at the Bartlett Library reached an all time high of 12,184, a 6 1/2 percent increase over 1991. Our summer reading program, DISCOVER, READ, which was run cooperatively with the school's summer program, had 65 participants who read a total of more than 900 books. Friendly's Restaurant sponsored an end-of-the-summer ice cream party for these children. Bob Rutherford, through his music and balloons, provided the entertainment. All readers received coupons and drawings were held for gift certificates and books which were donated by several local businesses. Our thanks to all who made this party a successful and festive occasion.

Seven hundred and seven books were added to the school/public book collection. Eighty-four of these titles were gift donations. Donated books which are not put into circulation will be sold at a summer book sale. (Please, for the protection of our collection, do not donate books that have a musty odor.)

The library participates in a video cooperative with several area libraries and receives a rotating collection every two months. These videos may be borrowed for up to three days.

As a member of the NHAIS, the state-wide automated system, our library has been able to provide materials from many participating libraries throughout the state including the university and state and private colleges. This service greatly improves our ability to provide research materials for our patrons.

Mrs. Garland served on the New Hampshire State Library Advisory Council through September when her term ended. She also attended the Northern Carroll County Cooperative meetings, Area Forum Meetings and participated in the Legislative Break-fast held at the Conway Public Library in the fall.

The library instituted Saturday hours from 11:00 am to 3:00 pm in November increasing the hours open weekly to 20. The library is also open during the school day when school is in session. Hopefully we will be able to continue being open on Saturdays as many patrons have requested. The only increase in this year's budget over the 1992's budget is to provide this service to June and from September through December.

1993 marks the fortieth year I have served as librarian at the Bartlett Public Library. Over these years I have seen many changes in our library and in library service in general. We are now

swiftly moving into the age of technology which will provide many changes in our library. Through technology library services will be increased, improved and faster. The 1990's will prepare our library for the library in the next millennium. It is exciting to see these changes occur!

THE BARTLETT HISTORY FUND

The Bartlett History Fund was established by the Bartlett Library Trustees following the Town's bicentennial in 1990. The purpose of the History Fund is to further the recording of the history of Bartlett and its vicinity. Profits from the sale of the Bartlett history book, **Bartlett, New Hampshire: In the Valley of the Saco**, and the sale of bicentennial memorabilia were set aside to establish the Bartlett History Fund.

The following guidelines for the Bartlett History Fund have been established:

- All monies received from future sales of the Bartlett history book, bicentennial memorabilia, and any other project undertaken by the Trustees for the History Fund will go into the History Fund.
- This money is put into a separate account under the name "Bartlett History Fund" to be managed by the Treasurer of the Bartlett Library Trustees.
- This fund may not be used for the Library budget. The Library may, however, use this fund to purchase books and materials which relate to the history of the town and region which will then become part of the Bartlett History Collection, which is being maintained in a special fireproof file cabinet.
- The money in the History Fund may be expended for historical projects, pictures, postcards, and other types of historical materials.
- The Bartlett Library Trustees must approve the above expenditures.
- Donations of materials and monetary gifts may be made to the Fund.

Cash on hand as of December 31, 1992 — \$15,282.57

The Bartlett Library Trustees are in preliminary negotiations for publishing a history of the inns and lodges of Bartlett. The proposed publishing date is Spring, 1994. Anyone interested in working on this project, or any other, is invited to join the Bartlett History Group by calling the Library at 374-2755.

POLICE REPORT 1992

This past year has shown a 12% increase in police activity. The department increased its patrol time in the residential developments and has conducted more building checks than before. This was done in the belief that an increased presence would deter persons from committing crimes of opportunity, i.e. burglary, theft and vandalism. To that end we had experienced a 70% reduction in these crimes.

Domestic violence is having a great impact on our young people. We are experiencing it with more frequency than ever before. It is a conduct that is observed, and in many cases acted out again and again later in life by our young people. There are several excellent programs and services available in northern Carroll County. Please take advantage of these programs and services.

The D.A.R.E. program, with Sgt. David Roode, is ongoing at the Bartlett School. This year it has been expanded to include the 7th and 8th grades. The Jackson School is sending its 6th grade students to the core class. This provides them with an excellent pool to draw from as they enter junior high school at Bartlett.

I wish to thank the elected officials, department heads, and the townspeople for their support and input.

Respectfully submitted,

ROBERT M. SNOW, JR.
Chief of Police

BARTLETT-JACKSON EMERGENCY MEDICAL SERVICES ANNUAL REPORT

Another year has passed and we would again like to thank the local fire and police departments for their assistance. Many of our calls are coordinated with them in a total team effort.

A big thank you goes out this year to Ellie Lang. Ellie is retiring after many years of dedicated service to both Jackson and Bartlett, she will be missed by all.

John Bernardin, of Notchland Inn, has completed his medical training and is now a licensed paramedic. We are fortunate to have him as a member for he is one of only two in the valley.

We have been able to drop our tax payer funding to about \$1100 this year. This is 17 percent below last year's request. We continue to keep a close eye on all expenditures.

The American Heart Association has published new standards for Cardiopulmonary Resuscitation (C.P.R.). Anyone who has been certified should take a refresher course. Anyone who would like to take a C.P.R. course should contact Memorial Hospital or any member of Bartlett Jackson Ambulance.

BARTLETT FIRE DEPARTMENT SUMMARY FOR 1992

This past year the department responded to a total of 93 calls. I also responded to 35 chief's calls, this brought our total calls to 128. Chief's calls are for minor incidents that would require a full response if I were not on duty. These calls require someone to check out a potential fire hazard, this would include such things as outdoor smoke investigations, electrical problems, alarm activation due to power failure, etc.

This past year 14 members of the department, and 1 police officer completed a 24 hour course on hazardous materials awareness/operational level, and 2 of us became instructors for this course. This course helps responders to identify hazardous materials, and to be aware of their potential hazards, and also what measures to take to insure their health and safety, as well as the public's safety. Congratulations to all.

As usual the department needs new members. Please come join us and help your community.

REPORT OF TOWN FOREST FIRE WARDEN and STATE FOREST RANGER

1992 was below average for wildfires reported in our state. Our largest fire was in May in Rumney where a suspicious origin fire burned approximately 150 acres with a total cost of approximately \$30,000. The N.H. Division of Forests and Lands assisted many other communities in wildland fire suppression as well.

Our fire lookout towers reported 289 fires, burning a total of 136 acres. Our major causes of fires were fires kindled without a permit, unknown causes and children.

Please help your town and state forest fire officials with fire prevention. New Hampshire State Law (RSA 224:27) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, **without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done.**" Violation of this statute is a misdemeanor, punishable by a fine of up to \$1,000 and/or a year in jail and you are liable for all fire suppression costs.

Local fire departments are responsible for suppressing fires. The small average fire size of .47 acre/fire is a tribute to early detection by the public or our fire tower system and the quick response of our trained local fire departments. Please help your Warden and fire department by requesting and obtaining a fire permit **before** kindling an open fire.

The N.H. Division of Forests and Lands assisted 28 towns with a total of \$20,000 in 50/50 cost share grants for fire fighter safety items and wildland suppression equipment in 1992.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or Division of Forests and Lands at 271-2217.

BARTLETT ATHLETIC RECREATION ASSOCIATION

President: Leslie Mallett
Vice-President: William Fabrizio
Secretary/Treasurer: Charles Hamlin
Member at Large: James Langdon

The purpose of this Association is to sponsor athletic and recreational activities for both children and adults within our community. The Association also oversees the maintenance of our Town Ballpark and Town Beach on River Street.

We continue to sponsor League Fees for our youngsters baseball teams. We make every effort to help provide funding for additional expenses. It is the understanding of every group asking for help with funding that they will undertake fundraiser(s) to replenish and help support the activities of the Association. This enables us to continue to sponsor other such recreational activities. Within the past two years our Little League Association has formed a commission of their own and are self supporting, needing help only with League Fees. We fully funded Babe Ruth Baseball this past year and hope that they will be off to a well established start this coming year. Pee Wee Baseball and Farm Team completed the year this past summer under the direction of David Wilson and Glen Mitchell. Many thanks to David and the Appalachian Mt. Club for an outstanding pancake breakfast last Labor Day Weekend that benefited our Association's baseball funding. We are happy to help sponsor baseball activities for boys and girls ages 5-18.

Our summer golf clinics are well established under the direction of Bobby McGraw of Wentworth Resort Golf Club in Jackson. Junior Golf is offered to all children from Bartlett and Jackson grades 5-12. This year saw much parent participation with Tuesday night Scrambles comprised of parent and junior golfers (a few grandparents also!). We went from 12 junior golfers our first year to 27 juniors this past summer.

The Summer Recreation Program was again sponsored and coordinated by the Association. A small weekly fee was asked for from parents which allowed this program to once again be self supporting. Many thanks to our directors, Kim Couture and Sue Chula for an outstanding summer for our children. One of the activities undertaken was due to the generosity of our local businesses. A kite flying day was held in the Fields of Attitash followed by a Bar-B-Que at Shelley's Deli. Many thanks to Andy Kramp of Andy's Ski Tuning for providing the kites and clinic, Ben

Wilcox of Attitash for providing the fields, and to Richie Teri, Michelle and Tripp Linnel of Shelley's Deli for an outstanding meal!

Red Cross Swimming lessons were held at Sky-Valley Motel under the direction of Karen Travers. Thank you once again to Mary and David Eliason for the facilities. Red Cross Swimming has been offered there for over 20 years now!

Mother Nature saw fit to help us with ice making weather this year. Under the direction of Richard Nealley, Babe Hayes, Carl Brown, and John Randall, we have had a nicely frozen skating rink for local children and visitors alike. A thank you to David and Debbie Phaneuf from the Corner Store for helping with the funding out of the proceeds from their annual Apple Pie Contest.

This fall saw the start again of an exercise program for teens and adults alike under the direction of Susan McIvor. This was held two days a week at the school until the Christmas Holidays. We hope it may resume in the spring.

Many thanks to Jim Langdon and Leslie Mallett for their participation with the Association. They will be stepping aside and asking for new members this spring. Please contact Chuck Hamlin if interested.

Once again, thank you all for your community support in our recreational endeavors.

PLANNING BOARD REPORT

The Planning Board has taken an active and aggressive role in meeting the changing needs of the community. The often arduous task of balancing the financial and economic needs of the business community with environmental safeguards and sound planning strategies have been the focus of the Board's activity.

Last year's changes to the Zoning Ordinance, many of which were significant to commercial development, seem to have had a positive effect. Recognizing the need for prosperity in the business community, the Planning Board is continuing to propose changes. Most of this year's proposed amendments are "housekeeping" changes but the changes to the Green Area article are significant and should have a notable impact on visibility while still safeguarding the rural character and privacy of the abutting property owners.

We are continuing our dialogue with the various Precincts in town concerning overlapping Ordinances and regulations as well as coordinating our meetings to facilitate the often complicated and repetitive administrative procedures of two independent Boards. This has proven to work well and is expected to continue. Discussions are still ongoing with Lower Bartlett Water Precinct Commissioners in an effort to embody both Zoning Ordinances under one administrative procedure perhaps including that area as a separate district or incorporating like restrictions. Expectations are that these efforts will continue.

Many Board members attended the Law Lecture Series presented by the New Hampshire Municipal Association this past fall. The information and knowledge gained from these lectures will be invaluable in the years to come.

The Planning Board approved two boundary line adjustments, two two-lot subdivisions, one four-lot subdivision, one as-built and had several pre-application reviews for projects to come. While the activity this year has been slow, it appears that a change in the economy will bring some activity our way.

CONSERVATION COMMISSION REPORT

For many years the Conservation Commission only existed through its only member and chairman David Patch, mainly as a result of no pressing issues for the Commission to handle and a lot of issues being handled through either the Town's Subdivision Regulations, Zoning Ordinance or other regulations.

As a result of citizen interest, on June 5, 1992 the Board of Selectmen appointed a full Conservation Commission. The members are David Patch (Chairman), Mary Williamson Schall, George Seemann, Brian Hill, Michael Torrey (Secretary), David Shedd, and Robert Jones. The Commission has been meeting monthly and have basically spent the year getting organized and planning future projects which includes working on the town-owned property known as the Stillings Farm.

Currently the Conservation Commission meets on the second Thursday of the month at 7:00PM at the Town Hall and the public is invited to attend.

REPORT OF THE SACO RIVER MANAGEMENT ADVISORY COMMITTEE

The Saco River Management Advisory Committee operates under the provisions of RSA 483:1, The New Hampshire Rivers Management and Protection Program. Committee members are nominated by the towns through which the Saco River flows and appointed by the State Commissioner of Environmental Services. Representing Harts Location are Bill King and John Bernardin. Keith Pratt, Tom Caughey, Brian Hill, and George Howard represent Bartlett with Nat Lucy (Chairman), Jeff Lathrop, Thomas Daley, Sarah Kimball, and Ned McSherry representing Conway. Carl Gebhart represents The White Mountain National Forest. Meetings are held monthly on the first Wednesday of the month at 7 PM at the Bartlett town hall.

The committee's primary duties are to consider and comment on any federal, state or local government plans that would alter the resource values which supported entering the Saco River into the state rivers program and secondly to develop and adopt a Saco River Corridor Management Plan. Adoption of the plan and associated recommendations is contingent on approval of the towns. Funding for committee administration costs is supported from state sources.

During 1992 the committee devoted considerable effort as an active participant in the discussions involving the North Conway sewage treatment system. In addition, the committee reviewed several streambank stabilization projects along the Saco providing comments and recommendations to the state on the associated dredge and fill permit applications. Finally, the committee continued work on the Saco River Corridor Management Plan.

Looking forward into 1993, completion of the corridor management plan, a river clean up project, developing educational signage to be posted at appropriate points along the Saco and the ongoing review of streambank stabilization projects are the major activities planned. The committee appreciates the support received from all and welcomes the participation of town residents.

GLEN CEMETERY ASSOCIATION 1992 SUMMARY

This year the Glen Cemetery Association has continued to make improvements. We have a new stone planter and monument at the base of the flag pole. We are continuing to repair and straighten the stones, loam, seed and fertilize as much as possible. We are still working towards our goal of lighting the flag pole and to obtain a water supply. With your ongoing help this will be achieved.

1992 TOWN MEETING MINUTES

Moderator William Paine opened the meeting by asking Miss Bartlett Teen, April Cantwell, to lead the Pledge of Allegiance.

Moderator William Paine opened the Annual Town Meeting by opening the polls at the Town Hall and convening the deliberative portion at the Josiah Bartlett Elementary School by reading the warrant as follows:

To the inhabitants of the Town of Bartlett, New Hampshire in the County of Carroll in said State, qualified to vote in the Town Affairs:

You are hereby notified to meet in the Town Hall in said Bartlett on Tuesday, the tenth day of March 1992 at nine o'clock in the forenoon to act upon the following subjects hereinafter set forth. The voting on Articles 1 through 25 will be by official ballot and the polls shall open for balloting at nine o'clock in the forenoon and shall not close before six o'clock in the evening. The following articles in the warrant will be acted upon at seven o'clock in the evening at the Josiah Bartlett Elementary School in Bartlett Village.

We hereby certify that we posted a like copy of said Town Warrant and Budget on February 24, 1992 at the post offices in Glen and Bartlett, at the Town Hall in Intervale (Bartlett) and the Josiah Bartlett Elementary School, the places of meeting, all being public places within the said Town of Bartlett, New Hampshire. Signed, Gene G. Chandler, Richard F. Patch, Sr. and Kathlyn G. Nealley.

ARTICLE 1. To choose all necessary Town Officers for the ensuing year. Moderator Paine stated that the ballots had not been counted yet and the results of this Article as well as Articles 2 - 25 would be read later in the meeting.

Moderator Paine then proceeded with Article 26.

ARTICLE 26. To see if the Town will vote to raise and appropriate the sum of \$150,000.00 to complete a townwide revaluation of all taxable property as ordered by the State of New Hampshire and authorize the issuance of not more than \$150,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (Chapter 33 of NHRSA) and to authorize the town officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. Selectmen reluctantly favor. Motion was made and seconded to accept the article as read. Moderator Paine then explained the procedure since this is a bond issue over \$100,000 that

a secret ballot and 2/3 majority vote would be necessary for this article to pass. Selectman Chandler spoke to the article explaining the history of why we are doing a reval and options available. Some questions raised about doing it "in-house" and procedure for reviewing assessments. No further discussion. Moderator Paine then declared the polls open at 7:25 PM and stated that the polls would remain open until 9:00 PM.

ARTICLE 27. To raise such sums of money as may be necessary to defray Town charges for the ensuing year and make appropriations of the same. Selectmen favor. Motion was made and seconded to accept the article with a budget of \$955,175. Selectman Chandler spoke to the article by reviewing the budget by department. Discussion ensued under the department of Planning and Zoning. Motion was made by Fred Hodgkins, seconded by Karen Pellegrino-Eastman to amend the Planning Board Assistant amount to \$20,000 (adding \$7,000) to provide for a part time position. Discussion ensued on amount of work available, other duties, and who would do the duties. Vote was taken on the amendment = DEFEATED. Chandler continued with further review of the budget by department. Various clarification questions asked and answered. No further discussion. Vote = PASSED (\$955,175).

ARTICLE 28. To see if the voters will authorize the Selectmen and Town Treasurer to borrow a sum in anticipation of the collection of taxes for the current municipal year and to issue in the name of the Town and on the credit of the same, negotiable notes therefor, to be repaid during the current year from taxes collected within the current municipal year. Selectmen favor. Motion was made and seconded to accept the article as read. Question was asked whether the town shops around for the best interest deal or what the procedure is. Chandler stated the town does shop but that North Conway Bank gave us a good deal. No further discussion. Vote = PASSED.

ARTICLE 29. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired by the Town through Tax Collector's deeds or by any other means. Subject only to the interest of relatives and heirs, all disposal shall be by public auction. Selectmen favor. Motion was made and seconded to accept the article as read. Vote = PASSED.

ARTICLE 30. To see if the Town will vote to discontinue the Highway Capital Reserve Fund created in 1978. Said funds with accumulated interest to date of withdrawal to be transferred to the town general fund (approx. \$21,000). Selectmen favor. Motion was made and seconded to accept the article as read. Question was asked why we didn't use the funds last year when we had a highway

project. Chandler stated it really doesn't matter as the money just goes in the general fund and either way it just reduces the amount of money to be raised by taxes. No further discussion. Vote = PASSED.

ARTICLE 31. To see if the Town will vote to raise and appropriate the sum of \$60,000.00 for road improvements and reconstruction and to authorize the issuance of not more than \$60,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (Chapter 33 of NHRSA) and to authorize the town officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. Selectmen favor. Motion was made and seconded to accept the article as read. Motion was made by Chandler, seconded by Patch to amend the article to read \$64,000 (add \$4,000 to article). Realizing he was on the wrong article, Chandler withdrew his motion to amend as did Patch his second of the amendment. Chandler spoke to the article explaining the need to repair many roads in town, that the work was trying to be spread out throughout town, and that approximately \$19,000 had already been spent on Middle Ledge Rd. Resident asked that Dundee Rd. be included on the list. No further discussion. Vote = PASSED.

ARTICLE 32. To see if the Town will vote to raise and appropriate the sum of \$60,000.00 for the purchase of a four-wheel drive highway truck with spreader body and plow and to authorize the issuance of not more than \$60,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (Chapter 33 of NHRSA) and to authorize the town officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon. Selectmen favor. Motion was made and seconded to accept the article as read. Motion was made by Chandler, seconded by Patch to amend the article to read \$64,000 (add \$4,000). Chandler spoke to the article explaining we would be replacing a 1982 truck that has been very troublesome and the need to increase the amount was due to the decision to add a wing. No further discussion. Vote on the amendment = PASSED. Vote on the article as amended = PASSED (\$64,000).

ARTICLE 33. To see if the Town will vote to raise and appropriate the sum of \$100,000.00 to pay for the closure of the Garland landfill and to authorize the transfer of \$80,000.00 from the Dump Capital Reserve Fund to offset said expenses. Selectmen favor. Motion was made and seconded to accept the article as read. Chandler spoke to the article explaining that plans for closure now are to close under the rules under which it was opened, if State doesn't allow this, then it will be very expensive to close the landfill. Trustee of Trust Fund

Norman Head asked if we should remove all the monies as after this withdrawal only about \$1500 would be left in the fund. Motion was made and seconded to amend the article to read "to authorize the removal of all principal and interest". Vote on the amendment = PASSED. Vote on the article as amended = PASSED.

ARTICLE 34. To see if the Town will vote to raise and appropriate the sum of \$13,900.00 for the purchase of a Ford police cruiser. Selectmen favor. Motion was made and seconded to accept the article as read. Chandler spoke to the article explaining why a Ford and not another Volvo. No further discussion. Vote = PASSED.

ARTICLE 35. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to construct a handicap access and make other repairs to the Town Hall. Selectmen favor. Motion was made and seconded to accept the article as read. Chandler spoke to the article explaining that access would be via the back door by the meeting hall and various other repairs needed to the building. Question on whether this included the bathrooms; Chandler stated no. No further discussion. Vote = PASSED.
